If your organization deals regularly with certain vendors, we suggest that you contact them before October 1, 2017, so they can verify that your organization has been issued a new certificate.

The re-issuance of these certificates does not change current procedures for claiming resale exclusions by exempt organizations engaged in purchasing tangible personal property for sale. The sales and use tax registration numbers of licensed vendors have not been changed and the validity of blanket resale certificates bearing these numbers is unaffected.

Please note that only one certificate will be provided to organizations with more than one location.
