

# **Administrative Report**

Spring Conference 2025

After this meeting, there are a number of activities planned for the coming year. I felt that 2024 was a very good year in a number of ways, but I'm looking forward to 2025 being even better. I hope you share my enthusiasm as we look forward to the many activities that are currently planned.

## **Boat Shows**

We have decided that the scheduled Boat Shows will be divisional events. Therefore, we would ask each member to consider volunteering some time to cover the booths. For working a three hour shift, you get free admission to the show. Not a bad deal as the prices continue to rise.
