The past two months have certainly been a challenge for all of us. To all of the first responders, nurses, doctors, truck drivers and essential workers, THANK YOU for all you do during these harsh and difficult times.

Thank you to everyone for social distancing to keep your friends, families and yourselves safe and healthy. And to those who have lost love ones, we are all sorry and keep you in our prayers. Delhigh's Educational Department has been busy teaching the Boat Handling Course online and I am confident all the students will pass. Great job to all who taught.

The events calendar has been revamped so that we can get together safely when the time comes. We will inform everyone of the changes that are surely still to come.

The lake and river launches are open but some of the facilities are still closed. If you want to go boating, hiking or biking feel free to go but don't forget to do your research first.

In these challenging times go out and enjoy yourselves but be safe. Follow the social distancing rules and be safe and courteous to one another while keeping a watchful eye for dangers. I am waiting patiently for the days we can get together and have a good time. Until then take care and have fun in all you do.

America's Boating Channel LIVE BOATING DURING COVID-19

America's Boating Channel is adapting with the current situation and putting out weekly videos every Wednesday at 4pm called America's Boating Channel LIVE. We were approached to get some information together so that they could put a piece in their first episode about how we are still boating during Covid-19 and we had a lot of fun doing it! We cleaned the boat and checked all our equipment before getting out on the lake. Each episode of America's Boating Channel LIVE has boating stories, jokes, crafts, recommends boat related movies and music to enjoy during this time of quarantine and so much more. I highly recommend you take the time to watch these interesting and educational videos. You can find these and previous videos and so much more information about boating and safety on their website at <https://americasboatingchannel.com/>

Memorial Day means - a time for picnics, fireworks, traveling to the shore and a long weekend celebration. Right?

What is the meaning of Memorial Day and why is it celebrated?

Memorial Day commemorates the men and women who died while in the military service of their country, particularly those who died in battle or as a result of wounds sustained in battle. The purpose of Memorial Day is to memorialize the veterans who made the ultimate sacrifice for their country.

While it is important to remember lives lost to war, it is also a time to celebrate their lives and their memory.

In an effort to remind and re-educate Americans about the meaning of Memorial Day, the National Moment of Remembrance on Memorial Day was established by Congress in 2000. Americans are to pause at 3:00 pm local time for the duration of one minute to remember the Fallen. If you fly a Flag, it should be at half-mast from sunrise until noon only, then raise it briskly to the top of the staff until sunset. (If it is time to replace your flag, do not throw it away. Take it to your local American Legion for proper disposal.)

Being a Veteran this is dear to my heart but Covid-19 changed this Memorial Day. This would have been my seventh year placing 'The Missing Man Table' in a local restaurant. Each year I get permission from a different local restaurant to set up a table, out of the way but very visible. A framed statement on the table reads:

This table is reserved to honor our missing comrades in arms.

Here is what the items on the table represent:

The Table is Round: The table's small size is symbolic of a prisoner's isolation, while its round shape signifies the endlessness of concern those who remain feel for those they have lost.

The White Tablecloth: Symbolizing the missing individual's pure intentions when answering the call to serve their country.

Black Napkin: Represents the emptiness the warriors have left in the hearts of their families and friends.

The Single Red Rose: A vase with one red rose symbolizes the blood shed to secure America's freedom, for the hope that all our missing will return someday.

The Yellow Ribbon: Symbolizes our continued uncertainty, hope for their return and determination to account for them. A yellow or red ribbon recalls the love of country which led the missing to serve.

A Slice of Lemon: Reminds us of their bitter fate, captured or missing in a foreign land.

A Pinch of Salt: Placed on a bread plate symbolizes the tears of our missing and their families waiting for loved ones to return.

The Lighted Candle: Reflects our hope for their return and that America is a light in a world of darkness.

The Bible: Represents the strength gained through faith to sustain us and those lost from our country, founded as one nation under God. (At times may not be used.)

Wine Glass is Inverted: To symbolize their inability to share a toast.

The Empty Chair: Represents an unknown face, no specific Sailor, Marine, Soldier or Airman but all who have served who are not here with us.

Enjoy your weekend and at 3:00 pm take a minute to 'Remember the Fallen'.

Delhigh Helping Community in 2020

It seems with Coronavirus paralyzing the world Delhigh has continued to help the community. Eleven families, The Women's Hogar Crea Organization and The West Bethlehem Emergency Food Pantry are thankful for the help we have continued to provide. It is a very humbling experience to deliver product to the people in need. The families are very respectful of each other, taking only what they need and leaving items for other families.

To give you an update of what we have delivered from Jan.1st to April 30th this year: 584 loaves of bread, 22 3.5 lb. pork loins, 14 12 lb. semi-boneless hams, 32 dozen eggs, 110 lbs. of potatoes, 40 lbs. of onions, 30 gallons of milk, 15 64 oz. bottles of juice, 30 cans each of carrots, green beans, corn, creamed corn and peas, 30 boxes mac & cheese, 96 rolls paper towels, 160 rolls toilet paper and 8 boxes of tissues.

Delivering covered a total of 202 miles and took 36 hours.

P/C Kathleen Nowroozani, SN makes Masks for Community

Kathleen is Delhigh's unsung hero doing her part to help protect squadron members, family, friends and community.

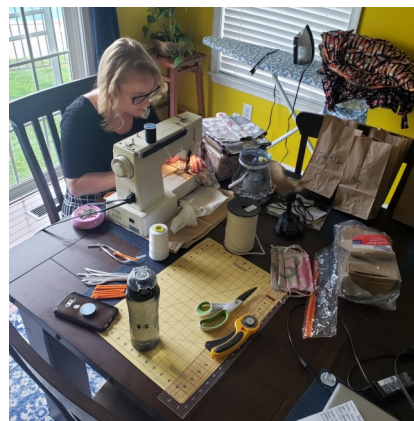

Kathleen took her sewing machine and material and began making batches of hand-made cloth face masks. Some plain, some colorful, others with sports team logos, store logos, boating themes and tropical island themes.

She has made over 200 masks, dozens of which were generously given to employees at WAWA locations where her son Vince works with the store mascot on them and to members working at other companies to hand out to co-workers as well as friends, family, squadron members and individuals in the community at no cost to anyone.

Each mask takes roughly 30 minutes to construct. Why does she do it? Kathleen recognizes the severity of the situation and it is her nature to jump in and help during a crisis, serving others.

Thank you Kathleen for your time and generous support. Our hearts go out to anyone who has encountered this virus or lost someone.

Mark Dlugos and Mary Lee Sebring received their pins after taking their proctored Boat Handling Exam.

Mark and Mary Lee opening their gift bag.

Michele and Sergio opening their gift bag.

Ahoy Mates! Well, we finally did it! We have completed the new and improved Boat Handling class! We had seven students take the course and I am pleased to announce that all passed the test! The best part is that we had four new members from our ABC course join Delhigh and take Boat Handling! Welcome to Sergio and Michele Lamboy, Mark Dlugos and Mary Lee Sebring! Next up, Marine Navigation (Piloting) to be taught this fall!!! We taught the class using Free Conference Call over the computer, which was challenging, but it allowed us to maintain our social distancing while running the course. Many thanks to P/C Kathleen Nowroozani, SN for hosting the class and keeping us all on track! She did a tremendous job! We are all hoping these restrictions are lifted soon, and we can get back on the water!

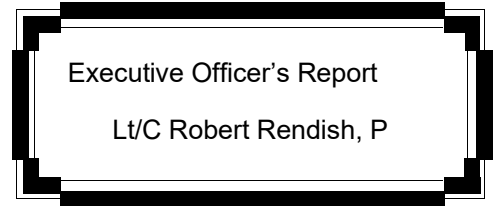

Did our best to follow guidelines as our students took their proctored test. Michele, Mark, Sergio, Mary Lee (behind Sergio), Doug and Kathy.

Vince, Oliver, Michele, Mark, Mary Lee and Sergio sitting down to take their exams.

Hopefully the boating season will begin in full swing as more states relax regulations opening lakes in state parks, marinas along the coast and Intra-coastal Waterways.

Unfortunately this year the scheduled Delhigh Vessel Safety Checks at Beltzville Lake was cancelled by the state. We were told to check back with the rangers office after June 15th to get an update and hopefully will be able to have our six Vessel Safety Examiners conduct VSC's July 18th.

Until the boating season really starts, you may want to consider taking an online course as a refresher of your boating skills at AmericasBoatingClub.com. For educational videos you can go to AmericasBoatingChannel.com or America's Boating Channel's YouTube channel.

USPS is America's Boating Club® – For Boaters, By Boaters™.

We will come to your home if you have a boat at home or know someone that does and would like a VSC. We will follow social distancing guidelines and wear masks. To schedule a VSC, please contact: P/C Michael Lebeduik, III, JN at: (610) 730-2798 or TJA.ML3@verizon.net.

The VSE nearest you will contact you to set up a date and time.

Hello members and friends of the squadron. I'm writing this with yet some degree of uncertainty of the summer boating season.

After consulting with the Department of Conservation and Natural Resources at Beltzville Lake we decide to cancel the DPS Beltzville Cleanup and Vessel Safety Checks. After discussion about this we have rescheduled the Beltzville Cleanup and Vessel Safety Checks for Saturday July 18. Details are on page 6 of this newsletter.

After our first squadron meeting on Zoom (great technical job Kathleen & Cyrus) the bridge and participating members decided to postpone the Chesapeake Bay Rendezvous until the same time next year. In lieu of our Chesapeake Bay Rendezvous weekend this year we will be getting together for an afternoon of boating at Blue Marsh Lake on Saturday June 13. Afterwards, we will gather at the Nowroozani's home and enjoy their wonderful pool and have a summertime cookout. Further details on page 5 of this issue.

Even if our boating season is somewhat delayed and restricted we will be boating and enjoying the summer. Make the most of it as we start the boating season.

To the Breezes!

Administrative Officer's Report
P/C Kathleen Nowroozani, SN

As you can see from this issue of the Delhighlights your bridge has been busy trying to replace events that we can not have with ones that we can. The June 3rd Ice Cream Social is now a Zoom Happy Hour! We are hoping that events at home with 25 or fewer people will allow those of us that are comfortable with it to start getting together again soon. We have been trying to come up with plans to still meet and get together how we can, when we can. I don't imagine we will be attending an Iron Pigs Game this year, so we are planning to postpone the Ice Cream Social to that evening. Should Musikfest be virtual this year but we can still get together in small groups we plan to get together at a member's house to enjoy some live music. We also have a social hour planned in July at the home of our 2 newest members whom many of you have not yet met. Please be considerate and RSVP for this event if you are able to attend so that they can plan to have the correct amount of food for a fun evening of cooking hot dogs over the fire while telling all our favorite boating stories. As you can see from our calendar changes have been made. Some are tentative and I fear more will need to be changed as we get closer to them. We will keep you updated via email, and also keep the Google Calendar and the website up to date for you with details as we find out what we are and are not allowed to do. We understand that we are all individuals with different needs at this time and want to be respectful of everyone. We are not offended if you are not ready to join us when we start getting back together. We can still do Zoom calls as long as some of our members feel that is the best way for them to stay safe. Should you have ideas for events or need anything at this time please contact me at k.now@mac.com or (956)240-5553.

USPS NATIONAL NEWS

2020 Fall Governing Board

Raleigh, North Carolina

Come Learn our History and Meet Headquarters Staff

The 2020 Fall National Governing Board will be held in Raleigh, North Carolina (September 8-13). In addition to accomplishing lots of work for the organization, the national meetings committee has planned some wonderful offsite events. Tours of the headquarters building, including the library and board room, the warehouse, the shipping center and the various offices will be the highlights. In addition, there will be a cocktail hour at the hotel with the staff in attendance. Come meet the wonderful people who help solve your challenges! There are three opportunities for these tours on Wednesday, Thursday and Friday. There are other tours and events available including a Kayaking Trip, Tour of Raleigh, Afternoon Tea, and beautiful museums. Check out the meeting website for more details. https://www.usps.org/php/reservations_new/meetings.php?mtg_id=39 Everyone is invited to attend the meetings, meals and tours! Join us for fun, work, and fellowship! You determine how much of each.

Love a Good Mystery?

Grab your friends and join us in Raleigh NC on September 10th for a fun, exciting, mysterious evening of dinner and fellowship at the Murder Mystery Dinner Theater. The dinner will be held at the National Fall Governing Board Meeting. We will be having lots of onsite and offsite activities in addition to meeting and communicating with other USPS/ABC members. Some of the other activities will include kayaking, touring our headquarters building, visiting the NC History and Science Museums, sampling the wonderful IPA beers in the area and afternoon tea. The Raleigh Hilton North Hills is working with the National Meetings Committee to make this a very economical meeting for all attendees. The business of USPS/ABC is conducted by the various committees, but we encourage everyone to join in the fun and fellowship by attending the meals and tours (when available). Check out the meeting website for more details. https://www.usps.org/php/reservations_new/meetings.php?mtg_id=39 Everyone is invited to attend the meetings, meals and tours!

Why Attend a National Meeting?

The USPS/ABC national meetings are designed to conduct the business of the organization. People who support the organization gather to share ideas and have fun accomplishing our goals. Committee members of all levels (squadron, district and national) are encouraged to attend and participate in their associated national committee. Communication is the key, the fun is the result! Not a member of a committee? Come interact with those who are or join others on tours around the area. We are lucky to be in Raleigh NC this time, September 8 -13, 2020, and can offer tours of our headquarters building and a staff meet and greet. Tours of the NC History and Science Museums, downtown Raleigh, a kayaking trip, and afternoon tea at the beautiful Carolina Inn are some of the offsite trips. If you can break away from the meetings, join us for these events and various other activities. Check out the meeting website for more details. https://www.usps.org/php/reservations_new/meetings.php?mtg_id=39 Everyone is invited to attend the meetings, meals and tours!

Join Us in Raleigh, NC!

We are bringing it home! The National Meetings Committee has put together a fun and exciting meeting for our members in our hometown, Raleigh North Carolina. The Fall Governing Board meeting will be held September 8-13, 2020 at the Raleigh Hilton North Hills hotel. Having this meeting in Raleigh enables us to cut expenses, offer tours of headquarters and a meet and greet with the staff. The meetings are designed to accomplish the work of the committees and to enhance the organization to keep ahead of the boating community needs. Everyone is welcome to join and those not interested in attending meetings or can break away from meetings, are welcome to join us on various tours and activities in the area. Other activities include kayaking, touring our headquarters building, visiting the NC History and Science Museums, sampling the wonderful IPA beers in the area and afternoon tea in the beautiful wooded property of the Carolina Inn. More details about the event can be found at https://www.usps.org/php/reservations_new/meetings.php?mtg_id=39. This meeting has been designed with Fun as the theme and learning and communication as the goal. We look forward to seeing you there! (Special gifts for First Time national meeting attendees will be given.)

COVID-19 VIRUS: CLEANING AND STORING YOUR PFD

The Life Jacket Association (LJA) provides the following guidance. For more information on the LJA please visit their website at www.lifejacketassociation.org

If you think your product has been exposed to a virus, clean as recommended by the manufacturer and then let dry in warm, low humidity environment for at least 72 hours before reuse.

Manufacturer's recommendations for cleaning your PFD:

CLEANING AND STORING YOUR PFD: To clean your inflatable PFD, hand wash or sponge down in warm, soapy water, taking care not to submerge the inflator. Rinse your PFD with clean water and hang to dry on a plastic coat hanger. Do not dry-clean, use chlorine bleach, or apply direct heat. Always store your fully dried PFD in a warm, dry, well ventilated place out of direct sunlight.

- Inherently buoyant PFDs (foam) are cleaned in the same manner except they may be fully submerged.
If you must reuse your product within 72 hours, the following precautionary guidance is suggested.
 - COVID-19 virus may exist 3 days on or in clothing. Virus can exist longer on porous surfaces.
 - Synthetic fabrics, plastic and metal surfaces may harbor the virus longer.
 - Buckles, zippers, other hardware and hook/loop fasteners (e.g. Velcro®) are hard to clean due to crevasses and metal/plastic construction.
 - Using 60 – 90% solutions of alcohol sprayed/wetted on these components is acceptable.
 - Avoid spraying inflatables with specific disinfectants that are detrimental to the fabric. e.g. bleach-based products.
 - Do not machine launder life jackets.
 - Life jackets should be hand-washed with gloved hands – wash as hot as possible (< 60C) to kill virus.
 - Ensuring complete drying is critical, heated air drying is encouraged < 60C
 - Virus likes moisture and can survive in cold – virus dies by drying out and by heat, which some fibers can enhance.
 - This pandemic is a new challenge and it is truly not known how all materials and the virus respond to laundry.
 - If hang to air dry, allow 72 hours (3 days) before reuse.
 - Do not share garments.
- DISCLAIMER: Remember it is not possible to carry out or guarantee complete disinfection, the goal is to minimize risk.
